CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more yawning, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.

Germany Objects to Pinchot in Belgium

WASHINGTON, April 7.—Gifford Pinchot, according to advices to the state department, reached Antwerp, Belgium, but was not permitted to proceed further in his work as member of the American relief commission in Belgium, although detailed as a special diplomatic agent of the American government.

The German authorities objected because Mr. Pinchot's sister is Lady Allen Johnston, wife of the former British minister to Denmark, who is still in the British diplomatic service. Germany has insisted from the beginning that all agents and consuls of the American government in Belgium territory under German military occupation should have no connection, however remote, with her enemies.

It is understood that the state department will assign Mr. Pinchot to other work in the war zone.

NEW ELKS CLUB IN BOSTON DEDICATED

BOSTON, April 7.—With elaborate ceremonies and prominent speakers, the new Elks Club in Central Square was dedicated today.

An inch of performance is worth a hundred yards of promise.

BAD AFTER EFFECT OF EXPOS ARE CITED

CHICAGO, April 7.—Does the good that world exhibitions do live after the gates are closed and do the evil intended with the key?

This is the question many in San Francisco are asking and St. Louis folks have answered in various ways. But Chicago residents believe the World's Columbian exposition given in 1893, has been worth more to Chicago than its cost.

Some few Chicagoans believe, however, that the "unemployed evil" had its origin in the exposition. Thousands came here, it is said, expecting to receive work and were unable to leave.

Elevated railroads had been talked of and had been tried but had never been proven until along came the fair. And the Jackson Park elevated railroad was first used to handle the vast crowds thronging Chicago to see the fair.

Talk of tearing down the road after the fair was quashed when the most popular suburbs of the city grew along its route.

Standing in Jackson Park, which was the exposition grounds, is the Field Columbian Museum. Scientists

SAFETY MUSEUM MOVES TO INDUSTRIAL POINT

NEW YORK, April 7.—Inaugurating a new campaign for industrial safety in New York's shops and factories, the American Safety Museum today opened new quarters in the heart of the manufacturing district.

Improvement of working conditions in industrial lines both as to safety and hygienic conditions is the object of the organization of which Banker James Speyer is head.

Complimenting Mrs. Earl Gillanders on the occasion of her birthday, Mrs. Walter Kull entertained a few friends Tuesday evening at her home on Thompson street.

The Portland Journal of Tuesday contains the following account of the marriage of a former Pendleton boy:

"Edward A. Sharon and Emma D. Bonadurer were married at the residence of the bride's parents, 523 East Seventeenth street, at 1:30 p. m. Sunday, April 4, Rev. Krause officiating. Only members of the families of the contracting parties were present at the ceremony, but a reception was held later to which a few friends were bidden. Mr. Sharon is assistant to the secretary of the grand lodge of the Independent Order of Odd Fellows, and is well known in fraternal circles.

"The young couple have taken up their residence at 869 East Main street, and will take their wedding tour in July, probably going to San Francisco. The pressure of business in connection with the forthcoming grand lodge of the I. O. O. F. prevents even a few days' absence from duty of the assistant to the grand secretary."

Mrs. John Hobblett of Silverton, Ore., and little baby, are guests at the home of Mr. and Mrs. Walter F. Kull on Thompson street. Mrs. Hobblett and Mrs. Kull are sisters.

Tomorrow afternoon Mrs. G. M. Rice will entertain the ladies of the Current Literature Club at her new home on North Main street.

Mrs. W. M. Shusher has returned from Portland where she had been visiting her daughter, Mrs. Fred Guilck. She left this morning for the Shusher ranch at Nolin to spend three days.

Mrs. Marie A. Catron, manager of the Keylor Grand theater in Walla Walla, and Mrs. D. A. Chard and Mr. and Mrs. Alfred Johnson motored from Walla Walla and return yesterday.

Mrs. James A. Fee was hostess yesterday afternoon to the ladies of the South Hill Bridge Club. She also had as a guest Mrs. H. H. Hattery.

MME. LOUISE HOMER HAS SIX CHILDREN NOW

MME. HOMER & FAMILY

NYE, N. Y., April 6.—Mrs. Louise Homer, opera star, has six children now. The sixth, a daughter, is a seven and a half pounder. She has four sisters and a brother. Two of the sisters, Annie and Katherine, are twins.

MORROW RESIGNS AS FIRE CHIEF; RINGOLD APPOINTED TO PLACE

FORMER WILL LEAVE CITY—REPORT SHOWS BUT FOUR FIRES IN MARCH

Civic Club Makes Proposal to Park Triangular Plot at East Court and Webb Streets if City Would Remove How House—Place Would Make Nice Park.

Pendleton again has a change of fire chiefs. Last evening Sam Morrow, who has been head of the department for the past few months, tendered his resignation to the council, giving as his reason his intention of leaving the city, and W. E. Ringold, who has been acting as assistant, was appointed chief pro tem upon the recommendation of the fire committee. The change goes into effect immediately.

Chief Morrow submitted his monthly report last evening, showing that during the month of March there were only four fires with a total loss of \$114. In addition there were two false alarms and three day drills and one night drill.

Maybe Another Park. Announcement was made last evening that the Civic Club would park the little triangular plot of ground at the intersection of East Court and Webb streets if the city would remove the old house there. Mayor Dyer recommended that the house be moved or torn down but the matter was referred to the fire committee for a report next week.

Three bids for the construction of a concrete crosswalk on West Tustin street were opened last evening. L. E. Teitelbald bid 16 cents per square foot, D. A. May bid \$44 for the walk complete and S. Rugs & Co. bid 12 1-2 cents per square foot. The bids were referred to the street committee.

A personal request from Norborne Berkeley for relief from the waters which flood his property on Thompson and Railroad streets every time there is an "abnormal precipitation or helluva rain" was referred to the street committee.

Upon motion, the police were ordered to see that the cows kept upon the vacant block rented by the city for hitching purposes be removed at once.

Monthly reports of the city recorder and city treasurer were read and the usual budget of bills audited and ordered paid.

Nothing So Good for a Cough or Cold

When you have a cold you want the best medicine obtainable—so as to get rid of it with the least possible delay. There are many who consider Chamberlain's Cough Remedy unsurpassed. Mrs. J. Boroff, Elida, Ohio, says, "Ever since my daughter Ruth was cured of a severe cold and cough by Chamberlain's Cough Remedy two years ago, I have felt kindly disposed toward the manufacturers of that preparation. I know of nothing so quick to relieve a cough or cure a cold." For sale by all dealers.—Adv.

AUTOS MAY BE USED TO OUST CHOO-CHOS

LINCOLN, Neb., April 7.—"Let the railroads raise their rates on passenger traffic," said a Lincoln automobile dealer today after reading of the U. S. supreme court's decision in the West Virginia two-cent fare case.

"If the Nebraska railroads put up their rates to two and a half or three cents, it is easy to demonstrate that a good light car, sensibly driven and properly cared for, can carry a load of people from one town to another in Nebraska for less money than the railroad.

"A raise in passenger rates would be a good thing for the automobile business. I know of a number of traveling men who are thinking of using light cars in making their towns. This extra half cent a mile on railroad rates is all that is needed to make them customers of mine."

BULL PUTS MAN INTO CAVE WHERE BEAR IS

KNIGHT'S PERRY, Ore. — April 7.—Blacksmith Sam Baugh has had a little Wall street experience but nevertheless has learned to chew the bulls and bears.

He went to look at the new Collins bull, forgetting to doff his hat and shirt. When the bull charged at him, shirt, Baugh ducked into a cave on the river bank, only to scramble out again. The bull charged again and he dived back into the grotto, and then back and forth on several round trips.

"Stay in," yelled Collins, from a tree.

"Won't; there's a bear inside."

Finally watching his chance, Baugh grabbed the bull by the tail and threw him. Later, the men invaded the cave with guns and got a mother bear and two cubs.
